Transfer Student (pages 31-32) 2022-2023 Undergraduate catalog (pdf version)

A transfer applicant is one who has been enrolled in any regionally accredited college or university. All previous college attendance must be reported at the time of application. Those who have earned fewer than 45 quarter hours/30 semester hours of transferable work or the equivalent will be asked to comply with both freshman and transfer requirements for admission (see freshman requirements for additional details).

A transfer applicant should request the registrar of each college or university he or she has attended to send a transcript to the Office of Admissions. Credits from one former institution appearing on the transcript of another institution can neither be officially evaluated for admission nor accepted for credit until a transcript has been received from the institution originating the credit.

Transfer students will be considered for admission on the basis of their previous college records:

1. They must have a minimum cumulative grade point average of 2.0 in all transferable college work attempted (non-traditional transfer students with greater than 45 quarter hours/30 semester hours of transferable work may be considered with a lower GPA on a case-by-case basis in order to determine their ability to be successful).

2. Students not meeting the minimum GPA requirement may be admitted if they hold an associate degree in a college transfer program from an accredited college and if they have not attempted any college coursework since completing the associate degree.

University of West Georgia
Common Data Set 2022-2023

3. Students must be in good social and academic standing at their former institutions. Students who have been away from high school for less than five years must have completed all RHSC deficiencies and/or Learning Support requirements prior to being admissible and show both English and math proficiency through course credit. Students who have been away from high school for greater than five years may prove proficiency in English, Reading, and Math either through placement testing, valid SAT/ACT scores (less than seven years old), or completion of college coursework. Transfer students from an out-of-state institution may also prove proficiency via the placement test on a case by case basis. Please contact the Admissions Office for further policy details.

4. Admission acceptance by the Office of Admission does not guarantee admission to a specific program or department.

Transfer course equivalencies may be viewed at <http://westga.edu/transfer>. Courses listed reflect results from previously reviewed transcripts and in no case should this list be considered a final and/or a complete listing.

International Transfer (pages 37-39) 2022-2023 Undergraduate catalog (pdf version)

An international applicant is defined as an individual who is not a "legally domiciled resident" of the United States and plans to pursue studies on an F-1 (student) or J-1 (exchange student) visa. A permanent resident is an applicant from another country who has obtained permanent residency in the United States (holds a "green card"). It is recommended that international students apply four (4) to six (6) months prior to the semester of desired enrollment.

UWG supports international education and welcomes applications from all students domestic regardless of citizenship or immigration status. Please note the following requirements for international and permanent resident applicants:

1. All applicants whose native language is not English, regardless of immigration status, must meet English language proficiency requirements. This requirement can be fulfilled by submitting results from one of the approved English Language Proficiency options listed below.
2. Any international applicant who has completed a minimum of 45 quarter hours/30 semester hours of transferable work must submit an official copy of transcripts from all previously attended post-secondary institutions. If this institution is based internationally and does not currently hold United States accreditation, an internal academic credential evaluation will be performed to determine the American equivalent of the courses/degrees earned. The University of West Georgia reserves the right to request a formal Academic Credential Evaluation of transcripts/documents submitted to the University as part of the student's application. If requested, the student must provide a course-by-course evaluation, with a GPA conversion, of all post-secondary coursework from a service belonging to either the National Association of Credential Evaluation Services (NACES), or the Association of International Credential Evaluators (AICE).
3. Applicants must have a minimum cumulative grade point average of 2.0 in all transferable college work attempted. Students must also be in good social and academic standing at their former institutions.
4. Admission acceptance by the Office of International Student Admissions & Programs does not guarantee admission to a specific program or department.
5. Students are eligible to apply for transfer credit based on previously completed studies. Please see the University of West Georgia's transfer credit policy located in the "Transfer Student" section.
6. International applicants who require an F-1 or J-1 visa with a supporting form I-20 or form DS-2019 issued by UWG must submit a copy of their passport and any previously issued United States visas as part of the application process.
7. International applicants who require an F-1 or J-1 visa, must also submit sufficient financial documentation to indicate evidence of sufficient funds available for study at UWG inclusive of tuition, fees, lodging, transportation, insurance and supplies. These documents are not required to receive a decision on an application, but are required prior to issuance of any documents needed for the visa application process, namely form I-20 or form DS-2019.

In order to attract international students, the University may waive all or a part of the non-resident portion of tuition for select undergraduate international applicants who meet certain academic criteria. Upon acceptance, an international student may apply for this waiver with the office of International Student Admissions and Program (ISAP). A limited number of waivers are available, and not all eligible international applicants will receive a waiver. Students awarded a waiver must maintain minimum requirements, including GPA, and apply for a renewal of the waiver for each academic year of their study.

College Level Examination Program (CLEP)	<u> X </u> Yes	___ No
DANTES Subject Standardized Tests (DSST)	<u> X </u> Yes	___ No

D20. Maximum number of credits or courses that may be transferred based on Department of Defense supported prior learning assessments (College Level Examination Program (CLEP) or DANTES Subject Standardized Tests (DSST)):

Number 30 Unit type semester hours

D21. Are the military/veteran credit transfer policies published on your website? X Yes ___ No

If yes, please provide the URL where the policy can be located: <https://www.westga.edu/student-services/registrar/transfer-credit-criteria-and-requirements.php>

Students, who have served in a branch of the military, may be eligible to receive college credit for their experience. Students must submit an official military transcript to request their record be evaluated for possible college credit. Military credit is awarded based upon the American Council of Education Guide for Military Credit recommendations. Credits are generally elective credits that may be used in the degree and major program and will be listed with a grade of 'S' on the student's transcript. A maximum of 30 semester hours may be awarded. No credit is awarded for Basic Training; however, students with 2 or more years Active Duty Military Services may waive their physical education requirement by submitting a copy of their DD214 to the Office of the Registrar.

D22. Describe other military/veteran transfer credit policies unique to your institution: UWG Procedure 3.10.2 Section D

UWG PROCEDURE NUMBER: 3.10.2, Section D. Military-Connected Students (Adult Learners, Veterans, and Military-Connected Students) – Procedure is currently being updated to reflect a change from Center for Adult Learners to Registrar's Office. Updated procedure is outlined below:

- A. Statement of Purpose
- B. Definitions For the purposes of this Procedure, the following definitions apply:
- C. Veterans Affairs Education Benefits Certification
- D. Military Learning Articulation Process

Veteran students may be eligible to receive college credit for their training and occupational learning acquired while serving in the U.S. Armed Forces. The UWG Office of the Registrar's Transfer Team will do an initial evaluation of the veteran student's official military transcripts that generally results in the awarding of elective credits. The UWG Office of the Registrar School Certifying Officials will complete an additional review of the military transcripts in attempt to map learning competencies of the veteran student's military trainings and occupations to learning outcomes of specific UWG courses. This procedure details the steps of this latter Military Learning Articulation process.

1. Students who served in the Army, Coast Guard, Marine Corps, or Navy should have their "Joint Service Transcript (JST)" submitted to the University through the Department of Defense (DOD) website.
(NOTE: for students who served in the Air Force, they should submit their Community College of the Air Force transcript which, upon receipt, will be evaluated following established procedures for transfer transcript evaluation by the Registrar's Office. Refer to UWG Procedure 3.4.3 - Credit Transfers)
2. The DoD notifies the UWG Office of the Registrar of the electronic submission of the "JST".
3. The School Certifying Official completes a review of JST, and then prepares a Military Learning Articulation Form for those military trainings and occupations where the learning competencies listed map to the majority of the learning outcomes of a specific UWG course so transfer credit may be awarded.
4. The completed Military Learning Articulation Form is submitted to the designated academic administrator or faculty member in the respective college, school, or department that the UWG course is offered for approval or denial.
5. If the Military Learning Articulation request is denied, the School Certifying Official records the decision.
(NOTE: Student may still receive elective credit based upon initial Registrar's official transcript review.)
6. If the Military Learning Articulation request is approved, the School Certifying Official records decisions and forwards a Military Credit Re-Evaluation Form, detailing the Articulation review approval and student(s) impacted, to the Registrar's Office Transfer Team.
7. The Transfer Team changes the transcript for the impacted student(s) from elective credit to the specific UWG course approved and notifies the veteran student(s) of the change.

H. FINANCIAL AID

Please refer to the following financial aid definitions when completing Section H.

Awarded aid: The dollar amounts offered to financial aid applicants.

Financial aid applicant: Any applicant who submits **any one of** the institutionally required financial aid applications/forms, such as the FAFSA.

Indebtedness: Aggregate dollar amount borrowed through any loan program (federal, state, subsidized, unsubsidized, private, etc.; excluding parent loans) while the student was enrolled at an institution. Student loans co-signed by a parent are assumed to be the responsibility of the student and **should** be included.

Institutional scholarships and grants: Endowed scholarships, annual gifts and tuition funded grants for which the institution determines the recipient.

Financial need: As determined by your institution using the federal methodology and/or your institution's own standards.

Need-based aid: College-funded or college-administered award from institutional, state, federal, or other sources for which a student must have financial need to qualify. This includes both institutional and non-institutional student aid (grants, jobs, and loans).

Need-based scholarship or grant aid: Scholarships and grants from institutional, state, federal, or other sources for which a student must have financial need to qualify.

Need-based self-help aid: Loans and jobs from institutional, state, federal, or other sources for which a student must demonstrate financial need to qualify.

Non-need-based scholarship or grant aid: Scholarships and grants, gifts, or merit-based aid from institutional, state, federal, or other sources (including unrestricted funds or gifts and endowment income) awarded solely on the basis of academic achievement, merit, or any other non-need-based reason. When reporting questions H1 and H2, non-need-based aid that is used to meet need should be counted as need-based aid.

Note: Suggested order of precedence for counting non-need money as need-based:

- Non-need institutional grants
- Non-need tuition waivers
- Non-need athletic awards
- Non-need federal grants
- Non-need state grants
- Non-need outside grants
- Non-need student loans
- Non-need parent loans
- Non-need work

Non-need-based self-help aid: Loans and jobs from institutional, state, or other sources for which a student need not demonstrate financial need to qualify.

External scholarships and grants: Scholarships and grants received from outside (private) sources that students bring with them (e.g., Kiwanis, National Merit scholarships). The institution may process paperwork to receive the dollars, but it has no role in determining the recipient or the dollar amount awarded.

Work study and employment: Federal and state work study aid, and any employment packaged by your institution in financial aid awards.

DO NOT INCLUDE ANY AID RELATED TO THE CARES ACT OR UNIQUE THE COVID-19 PANDEMIC

I. INSTRUCTIONAL FACULTY AND CLASS SIZE

I-1. Please report the number of instructional faculty members in each category for Fall 2022. Include faculty who are on your institution's payroll on the census date your institution uses for IPEDS/AAUP.

The following definition of full-time instructional faculty is used by the American Association of University Professors (AAUP) in its annual Faculty Compensation Survey (the part time definitions are not used by AAUP). Instructional Faculty is defined as those members of the instructional-research staff whose major regular assignment is instruction, including those with released time for research. Use the chart below to determine inclusions and exclusions:

	Full-time	Part-time
(a) instructional faculty in preclinical and clinical medicine, faculty who are not paid (e.g., those who donate their services or are in the military), or research-only faculty, post-doctoral fellows, or pre-doctoral fellows	Exclude	Include only if teaching one or more non-clinical credit courses
(b) administrative officers with titles such as dean of students, librarian, registrar, coach, and the like, even though they may devote part of their time to classroom instruction and may have faculty status <i>UWG Changed reporting fall 2014: All faculty holding administrative titles such as Dean, Assoc/Asst Dean, Chair, Director, Vice President, Assoc/Asst VP, Librarian, etc. will be counted as part-time because instruction percentage is less than 100%.</i>	Exclude	Include if teaching one or more non-clinical credit courses
(c) other administrators/staff who teach one or more non-clinical credit courses even though they do not have faculty status	Exclude	Include
(d) undergraduate or graduate students who assist in the instruction of courses, but have titles such as teaching assistant, teaching fellow, and the like	Exclude	Exclude
(e) faculty on sabbatical or leave with pay	Include	Exclude
(f) faculty on leave without pay	Exclude	Exclude
(g) replacement faculty for faculty on sabbatical leave or leave with pay	Exclude	Include

- **Full-time instructional faculty:** faculty employed on a full-time basis for instruction (include those with released time for research)
- **Part-time instructional faculty:** Adjuncts and other instructors being paid solely for part-time classroom instruction. Also includes full-time faculty teaching less than two semesters, three quarters, two trimesters, or two four-month sessions. Employees who are not considered full-time instruction faculty but who teach one or more non-clinical credit courses may be counted as part-time faculty.
- **Minority faculty:** includes faculty who designate themselves as Black, non-Hispanic; American Indian or Alaska Native; Asian, Native Hawaiian or other Pacific Islander, or Hispanic.
- **Doctorate:** includes such degrees as Doctor of Philosophy, Doctor of Education, Doctor of Juridical Science, and Doctor of Public Health in any field such as arts, sciences, education, engineering, business, and public administration. Also includes terminal degrees formerly designated as "first professional," including dentistry (DDS or DMD), medicine (MD), optometry (OD), osteopathic medicine (DO), pharmacy (DPharm or BPharm), podiatric medicine (DPM), veterinary medicine (DVM), chiropractic (DC or DCM), or law (JD).
- **Terminal master's degree:** a master's degree that is considered the highest degree in a field: example, M. Arch (in architecture) and MFA (master of fine arts in art or theater).

I-2. Student to Faculty Ratio

Report the Fall 2022 ratio of full-time equivalent students (full-time plus 1/3 part time) to full-time equivalent instructional faculty (full time plus 1/3 part time). In the ratio calculations, **exclude** both faculty and students in stand-alone graduate or professional programs such as medicine, law, veterinary, dentistry, social work, business, or public health in which faculty teach virtually only graduate level students. Do not count undergraduate or graduate student teaching assistants as faculty.

Fall 2022 Student to Faculty ratio: 16 to 1 (based on 7,083 students and 445.7 faculty)

$$6,281 \text{ ug full-time} + (2,406 \text{ ug part-time} / 3 = 802) = 7,083 \text{ ug fte}$$

$$417-61 \text{ full-time faculty [356]} + (316-47 \text{ [269]} \text{ part-time faculty} / 3 = 89.67) = 445.7 \text{ faculty fte}$$

$$7,083 \text{ ug student fte divided by } 445.7 \text{ faculty fte} = 15.89$$

I-3. Undergraduate Class Size

In the table below, please use the following definitions to report information about the size of classes and class sections offered in the Fall 2022 term.

✓ **Please include classes that have been moved online in response to the COVID-19 pandemic.**

Class Sections: A class section is an organized course offered for credit, identified by discipline and number, meeting at a stated time or times in a classroom or similar setting, and not a subsection such as a laboratory or discussion session. Undergraduate class sections are defined as any sections in which at least one degree-seeking undergraduate student is enrolled for credit. Exclude distance learning classes and noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Exclude students in independent study, co-operative programs, internships, foreign language taped tutor sessions, practicums, and all students in one-on-one classes. Each class section should be counted only once and should not be duplicated because of course catalog cross-listings.

Class Subsections: A class subsection includes any subsection of a course, such as laboratory, recitation, and discussion subsections that are supplementary in nature and are scheduled to meet separately from the lecture portion of the course. Undergraduate subsections are defined as any subsections of courses in which degree-seeking undergraduate students enrolled for credit. As above, exclude noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Each class subsection should be counted only once and should not be duplicated because of cross-listings.

Using the above definitions, please report for each of the following class-size intervals the number of *class sections* and *class subsections* offered in Fall 2022. For example, a lecture class with 800 students who met at another time in 40 separate labs with 20 students should be counted once in the "100+" column in the class section column and 40 times under the "20-29" column of the class subsections table.

J. Disciplinary areas of DEGREES CONFERRED

Degrees conferred between July 1, 2021 and June 30, 2022

For each of the following discipline areas, provide the percentage of diplomas/certificates, associate, and bachelor's degrees awarded. To determine the percentage, use majors, not headcount (e.g., students with one degree but a double major will be represented twice). Calculate the percentage from your institution's IPEDS Completions by using the sum of 1st and 2nd majors for each CIP code as the numerator and the sum of the Grand Total by 1st Majors and the Grand Total by 2nd major as the denominator. If you prefer, you can compute the percentages using 1st majors only.

Early decision plan: A plan that permits students to apply and be notified of an admission decision (and financial aid offer if applicable) well in advance of the regular notification date. Applicants agree to accept an offer of admission and, if admitted, to withdraw their applications from other colleges. There are three possible decisions for early decision applicants: admitted, denied, or not admitted but forwarded for consideration with the regular applicant pool, without prejudice.

English as a Second Language (ESL): A course of study designed specifically for students whose native language is not English.

First-time student: A student attending any institution for the first time at the level enrolled. Also includes students who entered with advanced standing (college credit earned before graduation from high school).

First-time, first-year (freshman) student: A student attending any institution for the first time at the undergraduate level.
